

Accra Resource Centre (ARC) Letter of Commitment - Prisma Project

Date: Tuesday, 11 March 2025

To: Prisma

From: Accra Resource Centre (ARC)

Subject: Statement of Commitment - Prisma Project

Dear Prisma Team,

We, the Accra Resource Centre (ARC), are excited to confirm our strong commitment to collaborating with Prisma on the project: ***Wada Hub Hackathon: A Local Community Catalyst*** on the development of practical and impactful digital solutions. We believe this partnership holds great potential and are eager to contribute our expertise.

As a team, we pledge to uphold the following principles throughout our collaboration:

1. **Use Our Skills Well:** We will diligently apply our experience in software development, blockchain technology, and mobile application development to create effective and valuable solutions for your project.
2. **Stay Open to Innovation:** We are dedicated to exploring and embracing new ideas and technologies to continuously improve our work and deliver the best possible outcomes.
3. **Work Together:** We value collaboration and will actively work with your team, as well as relevant partners, communities, and businesses, to maximize the impact of our joint efforts.
4. **Build for the Future:** Our focus will be on creating reliable, user-friendly, and sustainable solutions that will stand the test of time and provide lasting value.

We are confident that through this commitment, we can make a significant difference and effectively support Prisma's vision. We look forward to a productive and successful partnership.

Sincerely,

A handwritten signature in black ink, appearing to read 'Afia', followed by a horizontal line and a period.
